

STEAM Revolution Camp is a Curious-on-Hudson showcase, located in Riverdale on the campus of the College of Mount St. Vincent. This rich program offers summer campers an opportunity to experience a wide variety of STEAM programming, from tech/computer-based projects to woodworking, creative arts, science labs and more. One of the hallmarks of this program is the wide array of free activities from which campers can choose the activities that suit them the most while still gaining exposure to all of the major themes of the camp. The program runs for seven weeks of summer. Minimum enrollment is for one week. The program and activities are geared for students in grades 2-4, 5-6 and 7-8.
